I have been fortunate to be involved with 'Caring Neighbours' these past five years.

Have been astounded, amazed and proud of what people, and children, that live in the London Borough of Havering have done, then honoured with an award presented later in the year during autumns 'Silver Sunday' week.

This is the time to nominate the person, of any age, who has spent time helping you, or even phoning to check on you, just being there.

Regards
